

Affymetrix Expression GeneChip Project Request Form

The London Regional Genomics Centre Microarray Facility

Scientific Director Robert Hegele
Technical Team David Carter John Robinson Yibin Liu

Date Received

Technician

Principal Investigator _____ Account # _____
Person Requesting _____ Department _____
Phone # _____ Bldg/Rm# _____
E-mail address _____ Institute _____

Project Title _____

Description (Aim, goals, PubMed references) _____

Experimental Design

- Time course Normal vs. Diseased Dose response
 Cell culture Tissue (_____)
 Replicates: (duplicates, triplicates, other)

Sample Description

Species: _____ Tissue: _____ Cell culture (_____)
Purification RNeasy Trizol Other (_____)

Arrays to be Ordered

GeneChips

Number

Protocol

- Standard
 2-cycle (for small samples)
 Express

Total number of samples: _____

Estimated start date: _____
